

SUBHANKAR PATRA

Cuttack, Odisha, India | +91-9938989405 | patrasubhankar2205@gmail.com | LinkedIn | GitHub | Portfolio

Summary

Information Technology undergraduate with hands-on experience in **Site Reliability Engineering (SRE)**, **cloud infrastructure**, **observability**, and **automation** on **Microsoft Azure**, gained through an SRE internship at UBS. Skilled in **Python**, **Ansible**, **Bash**, and **Splunk** for monitoring and operational reliability, with additional full-stack development experience across **React.js**, **Next.js**, and **Node.js**. Proven community leadership record building and scaling **AWS** and **Google Cloud (GCP)** student technical communities.

Education

Veer Surendra Sai University of Technology (VSSUT)

B.Tech in Information Technology – CGPA: 8.81/10

Aug 2023 – May 2027

Burla, Odisha

Ravenshaw Higher Secondary School

Jul 2020 – Jun 2022

Higher Secondary Education (Science) – 87.5%

Cuttack, Odisha

Professional Experience

Summer Intern – UBS

May 2026 – Jul 2026

Platform SRE & Observability, Wealth Management Personal & Corporate (WMPC)

Pune, Maharashtra

- Worked with the **Platform SRE & Observability** team on enterprise-scale **reliability**, **monitoring**, **observability**, and **infrastructure automation** initiatives.
- Applied **Microsoft Azure**, **Splunk**, **Python**, **Ansible**, and **Bash** to support **cloud operations**, monitoring workflows, automation, and operational reliability.
- Contributed to operational dashboards using **React.js** and collaborated in an **Agile/Scrum** environment through sprint planning, technical discussions, and knowledge-transfer sessions.

AI & ML Intern – Central Tool Room & Training Centre (CTTC)

May 2025 – Jun 2025

Industrial Trainee – Artificial Intelligence & Machine Learning

Bhubaneswar, Odisha

- Completed a **30-day AI/ML industrial training program** covering **data preprocessing**, **supervised** and **unsupervised learning**, **NLP**, **computer vision**, and **neural networks** using **Python**, **NumPy**, **Pandas**, **Scikit-learn**, **TensorFlow**, and **Keras**.

Leadership & Extracurricular Activities

Founder & Student Builder Group Leader – AWS Student Builder Group VSSUT

Nov 2025 – Present

Community Leader – Amazon Web Services (AWS)

Burla, Odisha

- Founded and led VSSUT's **AWS** student community, growing it to **100+ members** and leading its transition from **AWS Cloud Club** to **AWS Student Builder Group VSSUT**.
- Organized technical workshops, hackathons, DevTalks, and hands-on sessions covering **AWS**, **Cloud Computing**, **Generative AI**, and **cloud-native development**; earned the **AWS Cloud Club Captain: Gold Level Badge**.

Cloud & DevOps Lead – Google Developer Groups (GDG VSSUT)

Sep 2025 – Present

Lead, Cloud & DevOps Division

Burla, Odisha

- Mentored **20+ members** on **Google Cloud Platform (GCP)**, **Docker**, **Kubernetes**, and **CI/CD**, contributing to technical sessions and community-driven cloud learning initiatives.

Projects

Form Generator | *Next.js, TypeScript, React Hook Form, Zod, Tailwind CSS*

Feb 2025

- Developed a full-stack no-code form builder supporting **10+ field types**, drag-and-drop customization, live preview, schema validation, and reusable workflows.
- Built responsive analytics and CSV/Excel export functionality and deployed the application on **Vercel**.

Aayush Bharat – AI Hospital Management | *Next.js, TypeScript, MongoDB, Appwrite, OpenAI API*

Dec 2024

- Developed an **AI-powered** hospital management platform integrating **LLM APIs** to automate patient data entry and provide intelligent doctor recommendations, reducing manual input by approximately **60%**.

Walmart Smart Exchange System | *Node.js, Express.js, Flask, MongoDB, Socket.IO*

Nov 2024

- Developed an intelligent return-management backend integrating **ML-based risk scoring**, image validation, and real-time Socket.IO notifications; tested using **500+ mock transactions**.

Technical Skills

Languages: C, C++, Java, JavaScript, TypeScript, Python, Bash

Frontend & Backend: React.js, Next.js, Node.js, Express.js, NestJS, REST APIs, MySQL, MongoDB, PostgreSQL

Cloud & DevOps: AWS, Microsoft Azure, GCP, Docker, Kubernetes, Ansible, Splunk, CI/CD, Linux

AI & ML: TensorFlow, Keras, Scikit-learn, OpenCV, NLP, Computer Vision

Tools: Git, GitHub, Postman

Certifications & Achievements

- **AWS Cloud Club Captain: Gold Level** – Amazon Web Services (AWS)
- **AI/ML Industrial Training** – Central Tool Room & Training Centre (CTTC), Ministry of MSME, Government of India
- Participated in the **Google Developer Student Clubs Solution Challenge** with an AI-powered hospital management platform.
